

Dear Colleagues,

Upon many requests the LOC has decided to extend the abstract submission deadline for the HIC 2016 to October 31, 2015. The 12th International conference on Hydroinformatics (HIC 2016) will be held from August 21 to 26, 2016 in Incheon, Korea.

### Topics of Interest

- Smart Water Issues
- Big Data and IoT (Internet of Things) for Water Solutions
- Sustainable Water Management
- Advanced Research for Surface Water Modeling
- Climate Change Studies with Hydroinformatics
- Urban Development and Total Risk Assessment
- Advances in Physically-based Modelling
- Data-driven Modelling, Soft Computing and Optimization

### Special Session

- Flood control by integrated use of water reservoirs
- Inverse problems in hydrodynamics for rivers and estuaries uncertainty quantification and data assimilation methods
- Advances in real-time forecasting of floods, water supply and water quality
- Practical application of numerical methods in drinking water source management, production and distribution
- Satellite remote sensing for hydrological applications
- Emerging concepts of hydroinformatics in information communication, visualization and sharing
- Optimizing Short Term Reservoir Operations with Multiple Sources of Uncertainty
- Pitchforks and Torches the complexity of customer-driven conservation and revenue destruction
- Evolutionary algorithms and their applications in hydroinformatics
- Policy & Decision Making for Water Resources Planning Under Climate Change

### Important Dates

- Conference: August 21-26, 2016
- **Abstract submission deadline extended: Oct. 31, 2015**
- Acceptance of abstract: Nov. 30, 2015
- Deadline for full paper submission: March 31, 2016
- Acceptance of paper: April 30, 2016
- Deadline for early online registration: May 31, 2016

### Proceedings

The conference proceedings will be indexed (ISI Proceedings, EI-Compendex, DBLP, SCOPUS, and Google Scholar) upon authors' choice.

After the conference, quality papers will be invited to be published in a special issue of Journal of Hydroinformatics.

Conference Venue: Songdo Convensia, Incheon, Korea

Your Sincerely,  
HIC 2016 Organizing Committee
