VENUE

The IAHS Next Scientific Decade workshop will take place in the Rectorate Building at University of Córdoba, located in the city centre, close to the old city and around five minutes walk from train station in the city.

TRANSPORTATION

Córdoba has an airport but it is not served by commercial airlines and is exclusively used by private air traffic, as well as charter planes at this time. So, the best option to reach Córdoba is by train using the Spanish high-speed train, AVE, operated by RENFE (www.renfe.es). You can easily purchase your train tickets online.

However, major airports of Madrid Málaga or Seville, are just less two hours away in combination with a high-speed train.
