

IAHS Bureau: International Commissions (IC)

President Name: Amir AghaKouchak

International Commission: International Commission of Remote Sensing

Names of participants and role(s) of each officer:

Role	Name of person	Activities/Responsibilities (e.g. communication)
President	Amir AghaKouchak	
Past-President		
President-elect	Maria Jose Polo Gomez	
VP	Yanjun Shen	
VP	Lisa Milani	
VP	Gilles Boulet	
Secretary	Pankaj Ramji Dhote	
ECC	Pankaj Kumar	

Which UPH(s) does the Commission contribute to? (No 1-23: check
<https://www.tandfonline.com/doi/full/10.1080/02626667.2019.1620507>)

Fill in the Number(s) and title here

Which Theme and WG of HELPING Decade the Commission contribute to? (See current status here
<https://iahs.info/Initiatives/Topic-for-the-Next-IAHS-decade/helping-working-groups/>)

How – in which form will the results be presented? (collaborative paper, workshop, etc)
 Collaborative manuscript, report, summer courses and workshops

Fill in the Number(s) and title here

Work plan for 2025

PERIODICAL COMMISSION WORKSHOP	2025 Annual Conference of Hydogeography, Chinese Geography Society, Shijiazhuang, China, 15-17 May, 2025. Attending XII Scientific Assembly of IAHS (IAHS 2025) in Roorkee, India, Oct 5-10, 2025
COMMUNITY PAPER	
DIGITAL WATER GLOBE	
OTHER INITIATIVES	

Guidelines for filling the Workplan:

“PERIODIC COMMISSION WORKSHOP”

This workshop is organized by the Commission. It should be an IAHS event, not a session during a conference. It can be co-organized with other Commissions or other organizations. In the latter case the role of IAHS should be clearly identifiable in the organization.

Typically, such workshops have an annual frequency, have a relatively small number of participants (in the range of 40-100), and are particularly precious for collecting the community and focusing on common and emerging research topics.

In the work plan table are expected information about the Commission Workshop.

If the Commission has already finalized the organization, the webpage link of the workshop and the date and the venue should be specified. If the Commission has just started to plan and organize, the date and venue or the available information should be specified. If the Commission recently held the workshop, few summary information should be included in the table and the report link or the pdf should be provided.

The report format is simple and described below:

First page: Commission name, title of the workshop, date, venue, Group Picture of the event

Second page: Statistical summary of the workshop: number of participants, Countries, number of oral presentations, number of posters (if they were present).

From the third page: Scientific Program

Last page: list of participants (EDI?)

“COMMUNITY PAPER”

The final aim of the Commission is to shed light on research topics related to the Commission as well. Collecting the community and working together the expected outcome is to provide a community paper that summarizes milestones or crucial emerging topics.

In the work plan table, some information on the community paper status are expected. For instance, it would be useful to know if the commission has been planning the community paper, the topic, authors, the percentage of development, and when it is expected to be submitted. This information is crucial for coordinating such activity with the HSJ Editors.

You can find some examples here:

“DIGITAL WATER GLOBE”

As you know the DWG is finally active: <https://dwg.smhi.se/dwg/> and we are looking forward to receiving the contribution from the IAHS community on case-studies and links to data and IAHS publications.

Since our community is shaped by the Commissions, Committees and Working Groups we invite you to advertise the DWG and include all the officers' Personal profiles in the visualisation tool (linked to other items).

The information requested in the table is the number of items that you plan to include in the DWG during the next months and the number you did in the last period.

First page: Commission name, title of the workshop, date, venue, Group Picture of the event

International Commission of Remote Sensing (ICRS)

Title of workshop: **Annual Conference of Hydrogeography**, Chinese Geography Society

Date: **May 15-17, 2025**

Venue: **Hebei Covention Hall**, Shijiazhuang, Hebei Prov., China

ICRS was a co-organizer of this meeting. Secretary General of CNC-IAHS (Chinese National Commission of the International Association of Hydrological Sciences), Prof. Xiaojun Wang, attended and delivered a speech at the opening ceremony.

Second page: Statistical summary of the workshop: number of participants, Countries, number of oral presentations, number of posters (if they were present).

Totally, there were 650 participants attended the conference, mostly from China, with some speakers from USA, Australia, Pakistan, India, Bagladesh, Rwanda, etc.

There were 12 sessions and 265 oral presentations, including 10 plenary presentations.
