

Programme for HELPING online conference 26 November 2024

13:00-16:00 CET, including short sanity breaks

Draft Agenda

Part 1: Overarching updates:

- HELPING initiative goals, reporting and community writing experience
- Knowledge co-creation process with stakeholders
- Getting the WG running:
 - ✓ Principles and guidelines document
 - ✓ Good example of working procedures in previous scientific decade
- Overall discussion

Part 2: Inspiring presentations of progress in 10 selected WGs

- Science questions, methods and procedures, work in progress or results

Part 3: Parallel discussions per Theme (online breakout rooms, Chaired by Theme leaders)

- Potential joint outputs per Theme (e.g., perspective/opinion papers, collected case studies, examples of applied science with link to the Digital Water Globe)
- Interactions between individual WGs
- Further facilitation needs for progressing the WGs

Part 4: Plenary session:

- Reporting from breakout rooms
- Closure and update on the IAHS Roorkee conference in 2025
