

## IAHS Bureau Meeting, Port Elizabeth, July 2017

### International Commission on the Coupled Land Atmosphere System (ICCLAS)

#### Commission Report –July 2017

#### Commission Officers

President (2013-2017):	Eva Boegh (Denmark, <a href="mailto:eboegh@ruc.dk">eboegh@ruc.dk</a> )
President-Elect (2015-2017):	Harald Kunstmann (Germany, <a href="mailto:harald.kunstmann@kit.edu">harald.kunstmann@kit.edu</a> )
Secretary (2015-2019):	Koray K. Yilmaz (Turkey, <a href="mailto:yilmazk@metu.edu.tr">yilmazk@metu.edu.tr</a> )
Vice Presidents (2015-2019):	Christopher J. White (Australia, <a href="mailto:chris.white@utas.edu.au">chris.white@utas.edu.au</a> ) Kaniska Mallick (Luxembourg, <a href="mailto:kaniska.mallick@list.lu">kaniska.mallick@list.lu</a> ) Richard Petrone (Canada, <a href="mailto:rich.petrone@waterloo.ca">rich.petrone@waterloo.ca</a> )

#### Summary

An ICCLAS-led symposium was developed in collaboration with HEPEX, GEWEX-GLASS, ICSW, ICWRS and ICRS on “*Probabilistic forecasts and land-atmosphere interactions to advance hydrological predictions*” for the IAHS Assembly 2017 in Port Elizabeth, South Africa.

ICCLAS also supported proposals for the IAHS Assembly 2017 led by ICSW on “*Extreme events: Links between science and practice*” and by ICWQ on “*Breakthrough and cross-disciplinary techniques for water quality assessment*”.

IAHS officers are contributing to IAHS Panta Rhei and IAHS-affiliated research communication through participation in international scientific meetings (incl IAHS meetings) and research publication.

#### ICCLAS activities in 2016-2017

##### **Organization of IAHS meetings**

IAHS Scientific Assembly, Port Elizabeth, South Africa, 9-15 July 2017. ICCLAS-HEPEX-GEWEX/GLASS-ICSW-ICWRS-ICRS symposium proposal “*Probabilistic forecasts and land-atmosphere interactions to advance hydrological predictions*”. Representation by ICCLAS: Chris J. White, Eva Boegh, Harald Kunstmann, Koray K. Yilmaz, Richard Petrone, Kaniska Mallick, HEPEX: Maria-Helena Ramos, GEWEX/GLASS: Aaron Boone, ICRS: Frederique Seyler, ICSW: Thomas Skaugen, ICWRS: Alberto Viglione.

IAHS Scientific Assembly, Port Elizabeth, South Africa, 9-15 July 2017. ICSW-led proposal “*Extreme events: Links between science and practice*”. Representation by Koray K. Yilmaz and Chris J. White.

IAHS Scientific Assembly, Port Elizabeth, South Africa, 9-15 July 2017. ICWQ-led proposal “*Breakthrough and cross-disciplinary techniques for water quality assessment*”. Representation by Eva Boegh.

### **Other IAHS representation**

Harald Kunstmann is supporting the proposal of the IAHS Panta Rhei research theme on Mountain Hydrology.

### **Committee membership**

Harald Kunstmann is member of the Scientific Steering Committee of TERENO (Terrestrial Environmental Observatories; <http://www.tereno.net>)

Chris White is an Associate Editor of the *Australian Journal of Water Resources* and is the National Correspondent (Australia) for the IAHS.

Eva Boegh is the National Representative of IAHS for Denmark. She organized nomination of Prof Dan Rosbjerg for the Volker Medal 2016.

### **IAHS publications**

ICCLAS officers publish scientific work related to the coupled land-atmosphere system in IAHS publications as well as many other international journals.

July 2017

Eva Boegh and Koray K. Yilmaz
