International Commission on the Coupled Land Atmosphere System (ICCLAS)

Commission Report –June 2015

Commission Officers

President (2013-2017):	Eva Boegh (Denmark, eboegh@ruc.dk)
Past-President (2013-2015):	Stewart Franks (Australia, stewart.franks@utas.edu.au)
Secretary (2011-2015):	Dawen Yang (China, yangdw@mail.tsinghua.edu.cn)
Vice Presidents (2011-2015):	Harald Kunstmann (Germany, harald.kunstmann@kit.edu) Koray Yilmaz (Turkey, yilmazk@metu.edu.tr) Paul Houser (USA, phouser@gmu.edu)

Summary

ICCLAS officers are involved in the organization of several events which are conducted at the 26th IUGG General Assembly 2015 in Prague, 2015. This includes support of three IAHS meetings and a Panel Discussion co-sponsored by IUGG and WMO on “Science in support of climate services”. IAHS officers are contributing to IAHS Panta Rhei and IAHS-affiliated research communication through participation in international scientific meetings (incl IAHS meetings) and research publication.

ICCLAS activities in 2014-2015

Organization of IAHS meetings

26th IUGG General Assembly, Prague, June 22-July 2 2015. ICCLAS-led IAHS workshop on “Observations and Modelling of Land-Atmosphere-Society Interactions in Hydrology”. Convened by Eva Boegh and Koray Yilmaz in collaboration with ICWRS.

26th IUGG General Assembly, Prague, June 22-July 2 2015. ICWRS-led joint IAHS-IAMAS symposium on “Assessment of Climate and Anthropogenic Changes Impacts on the Terrestrial Hydrosphere”. Co-convened by Harald Kunstmann.

26th IUGG General Assembly, Prague, June 22-July 2 2015. ICWQ-led IAHS-IAMAS workshop “Hydrological Model Intercomparison for Climate Impact Assessment. Co-convened by Stewart Franks and Eva Boegh.

Other IAHS representation

Harald Kunstmann is a panel member of a Panel Discussion meeting co-sponsored by IUGG and WMO on "Science in support of Climate services". 26th IUGG General Assembly, Prague, June 24 2015

Harald Kunstmann is supporting the proposal of the IAHS Panta Rhei research theme on Mountain Hydrology.

IAHS Panta Thei international Symposium on integrated Water Resources Management, Bologna, Italy, June 2014. Participation by Eva Boegh.

Committee membership

Harald Kunstmann is member of the Scientific Steering Committee of TERENO (Terrestrial Environmental Observatories; <http://www.tereno.net>)

Harald Kunstmann is an associate editor of *Journal of Hydrology*.

Eva Boegh is a member of the Editorial Board of *Hydrology Research*.

IAHS Publications

ICCLAS officers publish scientific work related to the coupled land-atmosphere system in IAHS publications as well as many other international journals.
